

JT-T6010 UHF RFID Antenna

Specification

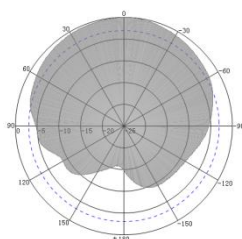

- ◆ 902-928MHz
- ◆ Gain 8dBi
- ◆ Linear polarization
- ◆ 600*100*28mm

Application

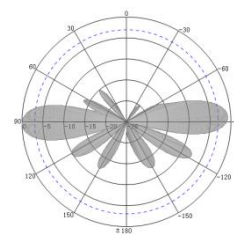

- ◆ RFID logistics tracking
- ◆ Warehouse
- ◆ Access control system
- ◆ File cabinet management

Electrical Specifications	
Frequency range	902-928MHz
Gain	8 dBi
beamwidth	Hor: 140 ° Ver: 30 °
polarization mode	linear polarization
Voltage Standing Wave Ratio	≤1.5
Before and after comparison	-
impedance	50 Ω
Maximum input power	10 0W
Lightning protection	DC grounding
Connector type	SMA
Mechanical indicators	
Antenna size	6 00*100*28mm
Antenna net weight	1.1 kg
Packaging size	63 * 1 1 * 3 .5 cm
Antenna Gross Weight	1.2 kg
Material	aluminum
color	White
Installation method	Ear hook installation
Operating temperature	-20-60 °C
Waterproof rating	IP54
